

The Town of Newmarket has completed a Master Plan Municipal Class Environmental Assessment Study for improvements for water, wastewater, storm drainage and road infrastructure needed to support the Town's policies in the Old Main Street Tertiary Plan. The study area is shown in the figure below.

This Master Plan has been prepared in accordance with the requirements of the Municipal Class Environmental Assessment (Municipal Engineers Association, October 2000, as amended in 2007, 2011 and 2015) under the Ontario Environmental Assessment Act. This process included indigenous, public and review agency consultation, evaluation of alternatives, assessment of potential environmental impacts of the proposed improvements and

identification of reasonable measures to mitigate any adverse impacts. The EA identified a new urban road cross section, improvements to the existing wastewater and water systems and improvements to the storm drainage system. Further details are provided within the Master Plan.

The Final Master Plan that documents the planning and decision-making process for this study is now available for public review. By this Notice of Completion, the Final Master Plan Report is being placed on the public record for a thirty (30) day review period from February 2, 2023 to March 6, 2023 at the following location and on the Town's website.

Town of Newmarket

395 Mulock Drive

Newmarket, ON, L3Y 4X7

Interested persons may provide written comments to the Town of Newmarket by March 6, 2023. All comments should be sent directly to the Town's Project Manager, Sepideh Majdi, P.Eng. at the above mailing address or by email to [smajdi@newmarket.ca](mailto:smajdi@newmarket.ca).

A request may be made to the Ministry of the Environment, Conservation and Parks for an order requiring a higher level of study, or that conditions be imposed, such as further studies, only on the grounds that the requested order may prevent, mitigate or remedy adverse impacts on constitutionally protected Indigenous and treaty rights. Requests on other grounds will not be considered. Requests should include the requester contact information and full name for the Ministry.

Requests should specify what kind of order is being requested (request for additional conditions or a request for an individual/comprehensive environmental assessment), how an order may prevent, mitigate or remedy those potential adverse impacts, and any information in support of the statements in the request. This will ensure that the Ministry is able to efficiently begin reviewing the request. The request should be sent in writing or by email to:

**Minister of Environment,  
Conservation and Parks**

Ministry of Environment,  
Conservation and Parks  
777 Bay Street, 5th Floor  
Toronto ON M7A 2J3
